

XL Scientific Meeting of Italian Statistical Society
Florence, 26-28 April 2000

Free session 26

Neural networks and genetic algorithms

Reti neurali e algoritmi genetici

28 Friday April 2000
13.40-15.30 - Room A15

President	Irene Poli
Discussant	Salvatore Ingrassia
Speaker	<i>Rosa A. Schiavo</i> Selecting Neural Network Models for Economic Time Series Prediction <i>Claudio Giovanni Borroni, Raffaella Piccarreta</i> Algoritmi genetici per i modelli gerarchici partizionali <i>Elia Biganzoli, Patrizia Boracchi, Ettore Marubini</i> Artificial Neural Networks for Censored Survival Data as Extensions of Generalized Linear Models <i>Alberto Morabito</i> Regressione di curve ROC in campo biomedico
